

GAGAKU

lets see demons
all else is
talky

he goes through his
odes
and so many are talk
talk

so
like many others
he has a way with words

like his ma said, "you
have a way with
words"

but it's demons
that's where he breaks from the
talky
pack

he claims he exorcises them right in those
odes
bitter demons exorcised he
thinks

he's unsure
his demons?
they wiggle their hat
at him
a white hayseed
straw

a country yokel hat
then they toss it aside
it lands on dirt
and sits there
and wiggles by
itself
